

TARIQ HAMDI SHAHER BATAINEH

Full Stack .NET Developer | Angular

Amman-Jordan | +962 77 072 5680 | tariqbataineh124@gmail.com | [linkedbataineh-b96751379](https://www.linkedin.com/in/bataineh-b96751379) | github.com/Tariqbataineh

PROFESSIONAL SUMMARY

Computer Science graduate specializing in ASP.NET Core, Angular, and SQL Server with hands-on experience developing secure full-stack web applications. Skilled in RESTful APIs, JWT Authentication, Entity Framework Core, and Clean Architecture, with a passion for building scalable software solutions.

TECHNICAL SKILLS

- **Languages:** C#, JavaScript, TypeScript, SQL
- **Backend:** ASP.NET Core, .NET Web API, Entity Framework Core, LINQ, REST APIs
- **Frontend:** Angular 19, HTML5, CSS3, Bootstrap
- **Database:** SQL Server, Entity Framework Core, Database Design
- **Tools:** Git, GitHub, Swagger, Visual Studio, VS Code
- **Architecture & Concepts:** OOP, SOLID Principles, SDLC, Debugging, Problem Solving, Clean Architecture

PROFESSIONAL EXPERIENCE

Irbid Electricity Company | Oct 2025 – Jan 2026

- Design and Developed and maintained ASP.NET Core & Angular applications.
- Developed RESTful APIs and optimized SQL Server database operations.
- Implemented JWT authentication and resolved application issues.
- Collaborated using Git and GitHub in an Agile development environment.

GRADUATION PROJECT

Qatrah Hayat – Blood Bank Management System

ASP.NET Core 9 | Angular 19 | SQL Server | Entity Framework Core

- Developed a scalable full-stack healthcare platform for blood donation and request management.
- Built secure RESTful APIs with JWT authentication and role-based access control for six user roles.
- Developed modules for donations, requests, inventory, campaigns, notifications, and administration.
- Applied Clean Architecture, SOLID principles, and responsive UI development using Angular and Bootstrap.

EDUCATION

Bachelor of Computer Science Al al-Bayt University, Mafrq, Jordan

Graduated: June 2026

LANGUAGES

Arabic: Native | English: Very Good
